

# DeSign Tints Etch

## DESCRIPTION

An economical vinyl film that provides an alternative to acid etched or sandblasted glass, used on internal glaze partitions to create design and images, and to provide privacy.

## BENEFITS

- Can be used as a decorative flat glass film or be computer cut to create specific designs, logo and lettering.
- Has the look of sandblasted glass.
- Eliminates the need for sandblasting of glass.
- Strengthens glass.
- Vinyl film has less static to reduce dust.
- Pressure sensitive adhesive.
- Often used in conjunction with company logos on front glass doors.
- Allows the majority of light to be transmitted.

## APPLICATION

- . Clear Float or Laminated .....YES\*
- . Tinted Float or Laminated.....YES\*
- . Toughened.....YES\*
- . Wire Cast.....YES\*

## WARRANTY

- External 5 years
- Internal 5 years
