## ADVANCED WINDOW FILM FROM THE WINDOW FILM SPECIALISTS.

---

DeSign Tints is one of New Zealand's largest commercial window film specialists. Consulting with engineers, architects, interior designers and project and facility managers to provide a new dimension in window film products. DeSign Tints supply a wide range of premium quality Energy Management, Safety and Security, Decorative and Designer Window Films. DeSign Tints can provide cost effective solutions for both new and retrofitting applications.

Quality window films provides comfort, reduced glare and energy savings. We recommend a retrofit product installed directly to the interior side of the glass. It helps correct temperature imbalances between sunny and shady areas and it deflects harsh, uncomfortable glare reducing eye strain that is common while doing paperwork or viewing computer screens!
